**SUBJECT: FINAL NOTICE; UNDERGROUND STORAGE TANK SYSTEMS LOCATED AT
ALHAMBRA POLICE FACILITY, 211 FIRST STREET, ALHAMBRA**

Dear Mr. Austin:

As part of an initiative by the State Water Resources Control Board (State Water Board) to obtain compliance at government-owned and/or operated underground storage tank (UST) facilities, you were issued a Notice of Violation (NOV) on May 4, 2016, and a subsequent Failure to Comply letter on July 7, 2016, related to ongoing violations of California's UST requirements. To date, we have not received compliance documentation, an intent for corrective action, or any indication of when such documentation is to be expected.

The State Water Board's Office of Enforcement directs you to correct the ongoing violations identified in the NOV and submit compliance documentation to the State Water Board and the local Certified Unified Program Agency (CUPA) within ten (10) days from the date of this letter.

All compliance documentation must be sent to the following:

This letter will be your final notice. Failure to comply with this notice may result in enforcement action by the State Water Board and/or CUPA. Your continued failure to comply is considered a "significant violation" as defined in section 2717(a)(3) of title 23, California Code of Regulations (CCR). In a separate letter, the State Water Board has requested CUPA to issue you a notice of significant violation in accordance with CCR section 2717.1(b). If you fail to correct the violations to the satisfaction of CUPA, a red tag may be affixed to the fill pipe of the non-compliant UST system(s) prohibiting the delivery of petroleum until the violations are corrected. Each day in which the violations are not corrected may also result in the imposition of civil penalties of no less than \$500 and no more than \$5,000 per tank, as authorized by section 25299 of the Health and Safety Code.

If you have any questions, please contact me at (916) 341-5276 or by email at david.boyers@waterboards.ca.gov.
